

Why Study MBBS in Russia Is Very Easy?

Study MBBS in Russia

Medical studies for students from all over the world are now much easier. Students around the world can enroll directly in Russian medical universities without any entrance exams. The rest of the cost is subsidized by the Russian government, so study MBBS in Russia is a good option for Indian students. The average annual cost of [study MBBS in Russia](#) is around 2.5 lakhs to 5 lakhs in INR. All the top medical universities in Russia are listed in the MCI (Medical Council of India) and the WHO (World Health Organization) under the international universities.

Therefore, applicants can obtain an authorized MBBS degree upon completion of the program. All institutions provide a high-quality medical education along with practical or theoretical knowledge. The right accommodation can be a big headache for students from different corners of the world. On the other hand in Russia, the

students should have no complaint because all the Russian universities provide them with fully furnished accommodation on the campus of the university.

All hostel rooms have 24/7 electricity, water supply, air conditioning, study room, library, laundry room, bathroom, and kitchen, etc. The native and international MBBS students also receive medical education and medical insurance. During the course, students are trained for the MCI (Medical Council of India) screening test. All MBBS courses are taught in the English language as well as the Russian language during theoretical and practical classes. The international students can choose any of their referenceable and comfortable language as per their choice.
